ESTRATEGIA PARA LA SUMA: LOS VESTIDOS

$$\begin{array}{r} 23 \\ + 45 \\ \hline 68 \end{array} = \begin{array}{r} 20 + 3 \\ 40 + 5 \\ \hline 60 + 8 \end{array}$$

ESTRATEGIA PARA LA SUMA: LOS VESTIDOS

$$326 = 300 + 20 + 6$$

$$\begin{array}{r} 326 \\ + 456 \\ \hline \end{array} = \frac{400 + 50 + 6}{}$$

$$782 = 700 + 70 + 12$$

ESTRATEGIA PARA LA SUMA: POCO A POCO A PARTIR DEL MAYOR

ESTRATEGIA PARA LA SUMA: LAS PESTAÑAS

60 + 23 = 68

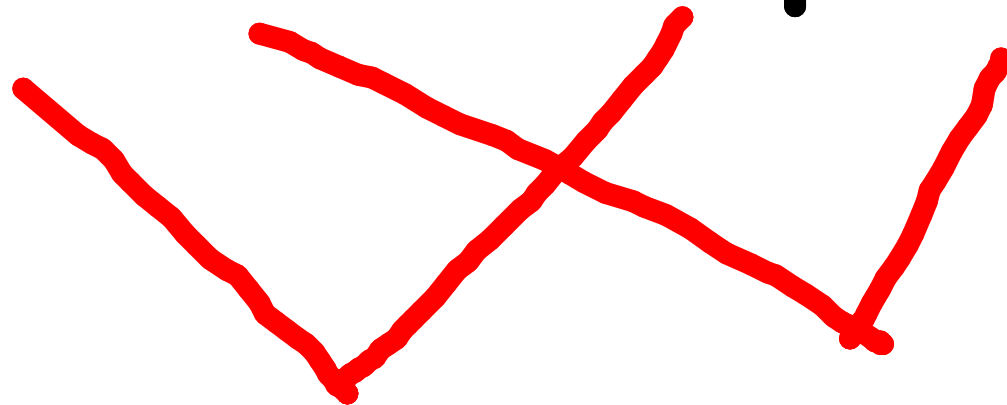

The diagram illustrates the 'flaps' strategy for addition. It shows the calculation $60 + 23 = 68$. The numbers are written in black, and the result is written in red. Red lines connect the numbers to show the process of adding the tens and ones separately. A red line connects the 60 to the 23, and another red line connects the 23 to the 68. A red line also connects the 60 to the 68. The result 68 is written in red, and the entire calculation is enclosed in a red triangle.

ESTRATEGIA PARA LA SUMA: MONO SALTARÍN, RANA, SALTAMONTES...

$$23 + 45 = 60 + 8 = 68$$

ESTRATEGIA PARA LA SUMA: EN ÁRBOL

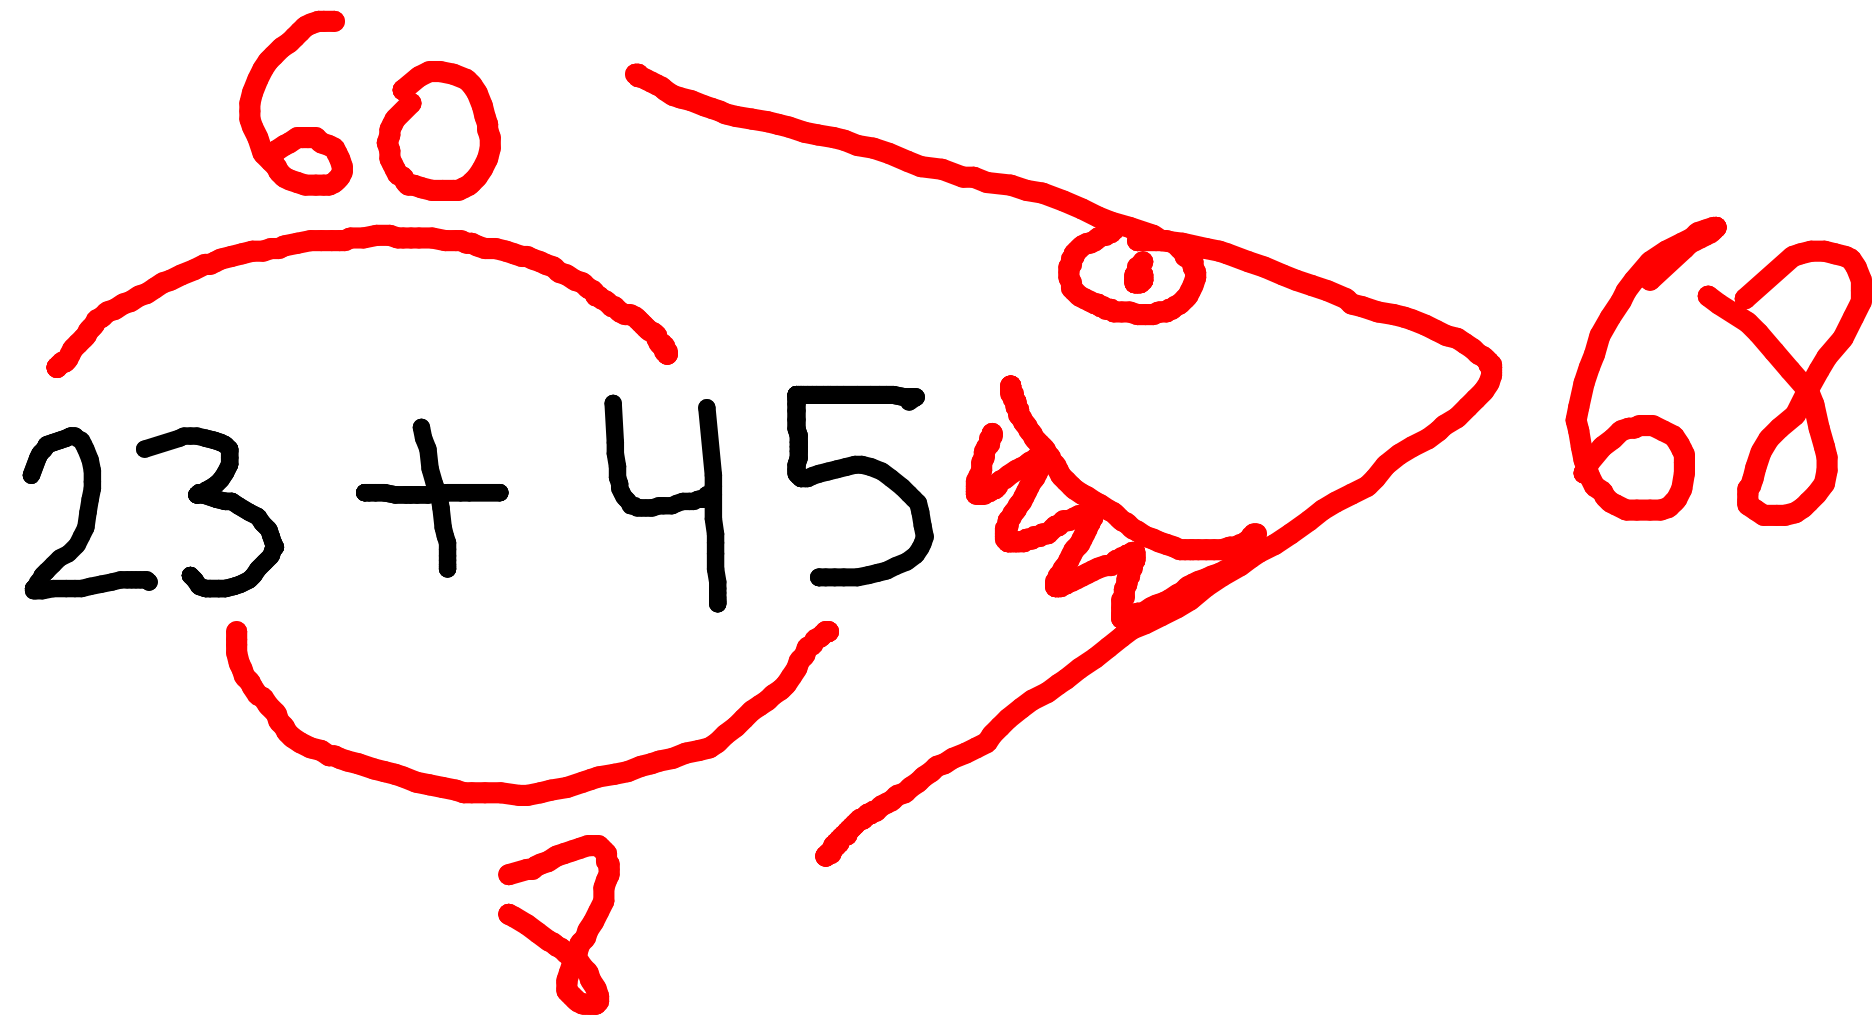

$$23 + 45$$

$$60 + 8$$

$$68$$

ESTRATEGIA PARA LA SUMA: TIBURÓN, PICO DE PÁJARO, RATÓN...

ESTRATEGIA PARA LA SUMA: REDONDEO

$$\begin{array}{r} 28 \\ + 47 \\ \hline 75 \end{array}$$

Diagram illustrating the rounding strategy for the sum of 28 and 47:

- 28 is rounded up by 2 to 30.
- 47 is rounded up by 3 to 50.
- The sum of the rounded numbers is 30 + 50 = 80.
- The result 80 is then rounded down by 5 to the final answer, 75.

ESTRATEGIA PARA LA SUMA: REDONDEO

$$\begin{array}{rcl} 223 + 305 & = & 428 \\ \begin{array}{c} -3 \downarrow \\ 220 \end{array} & \begin{array}{c} -5 \downarrow \\ 300 \end{array} & \begin{array}{c} +8 \uparrow \\ 420 \end{array} \end{array}$$

ESTRATEGIA PARA LA SUMA: SUMA EQUIVALENTE "HALLOWEEN"

The image shows a handwritten addition problem illustrating the 'Halloween' strategy. On the left, the numbers 28 and 41 are written in black. Red arrows show the decomposition of 28 into 20 and 8, and 41 into 40 and 1. A red '1' is written to the right of the 40, indicating a carry. Below these numbers is a horizontal black line. To the right of the line is an equals sign. Further right, the numbers 39 and 30 are written in red, with a red plus sign between them. Below these is a horizontal red line, and the result 69 is written in red below that line.

$$\begin{array}{r} 28 \\ + 41 \\ \hline \end{array} = \begin{array}{r} 39 \\ + 30 \\ \hline 69 \end{array}$$

ESTRATEGIA PARA LA SUMA: SUMA EQUIVALENTE "HALLOWEEN"

The diagram illustrates the 'Halloween' strategy for adding 534 and 326. It shows the numbers 534 and 326 with a plus sign between them. A red curved arrow starts from the 4 in 534 and points to the 6 in 326, with the number 1 written above the arrow. Another red curved arrow starts from the 3 in 534 and points to the 2 in 326, with the number 100 written below the arrow.

$$534 + 326$$

$$435 + 425 = 860$$
