

ESTUDIAMOS LOS DOBLES

$1 + 1 =$	$10 + 10 =$	$100 + 100 =$
-----------	-------------	---------------

$2 + 2 =$	$20 + 20 =$	$200 + 200 =$
-----------	-------------	---------------

$3 + 3 =$	$30 + 30 =$	$300 + 300 =$
-----------	-------------	---------------

$4 + 4 =$	$40 + 40 =$	$400 + 400 =$
-----------	-------------	---------------

$5 + 5 =$	$50 + 50 =$	$500 + 500 =$
-----------	-------------	---------------

$6 + 6 =$	$60 + 60 =$	$600 + 600 =$
-----------	-------------	---------------

$7 + 7 =$	$70 + 70 =$	$700 + 700 =$
-----------	-------------	---------------

$8 + 8 =$	$80 + 80 =$	$800 + 800 =$
-----------	-------------	---------------

$9 + 9 =$	$90 + 90 =$	$900 + 900 =$
-----------	-------------	---------------

$10 + 10 =$	$100 + 100 =$	$1.000 + 1.000 =$
-------------	---------------	-------------------

$11 + 11 =$	$110 + 110 =$	$1.100 + 1.100 =$
-------------	---------------	-------------------

$12 + 12 =$	$120 + 120 =$	$1.200 + 1.200 =$
-------------	---------------	-------------------

$13 + 13 =$	$130 + 130 =$	$1.300 + 1.300 =$
-------------	---------------	-------------------

$14 + 14 =$	$140 + 140 =$	$1.400 + 1.400 =$
$15 + 15 =$	$150 + 150 =$	$1.500 + 1.500 =$

$16 + 16 =$	$160 + 160 =$	$1.600 + 1.600 =$
-------------	---------------	-------------------

$17 + 17 =$	$170 + 170 =$	$1.700 + 1.700 =$
-------------	---------------	-------------------

$18 + 18 =$	$180 + 180 =$	$1.800 + 1.800 =$
-------------	---------------	-------------------

$19 + 19 =$	$190 + 190 =$	$1.900 + 1.900 =$
-------------	---------------	-------------------

$20 + 20 =$	$200 + 200 =$	$2.000 + 2.000 =$
-------------	---------------	-------------------
